Talbott Will Study Defense Setup In U. P.

Secretary of the U.S. Air Force Harold E. Talbott is interested in coming to Escanaba to make a study of the air defense setup in this area and throughout the Upper Peninsula, U. S. Senator Homer Ferguson told the Escanaba Daily Press Saturday afternoon.

He accepted an invitation to visit Escanaba Wednesday, Oct. 27, because he considers Escanaba important to the nation's overall air defense plan as eventual seaport through the St. Lawrence Seaway and also as the only ore cracy. "Robert Lewis, Under Secretary of the Air Force, visited this area as a guest at the Ishpeming Centennial during the summer, and Secretary Talbott visited Sault Ste. Marie and the vital locks this past summer," Senator Ferguson said.

In addition to the immediate Escanaba area, he is interested, of course, in the proposed jet base 40 miles north of Escanaba at the K. I. Sawyer airport at Sands because of its importance in the continental defense program.

"Work at the jet base is expected to get underway next spring," Ferguson said. The Senator is chairman of a Senate sub-committee in charge of defense appro-

"It is used by children whose parents cannot afford to purchase a cod liver oil preparation for them. In the Upper Peninsula we do not have sufficient sunshine to provide sufficient Vitamin D, and it should be supplemented in some way.

"Cod Liver Oil is the cheapest way of providing it. It is not thought of as a medicine but as a necessary food to supplement regular diets."

Miss Anderson reported that cod liver oil, sometimes referred to by the workers as "bottled sunshine" is being distributed in Escanaba, Gladstone, Wells, Cornell, Rapid River, Nahma, Ensign, Soo Hill, Stonington, Rock, Garden, Isabella, Pine Ridge, Flat Rock, Wilson, Bark River, Schaffer and Ford River.

CLEAN YOUR SUITS OFTEN

by Melton McGovern, Graduate of National Institute of Dry Cleaning.

If you didn't have your cool weather things cleaned at the end of last season (and you should have), you'd better do Mention that the garment hasn't been

cleaned since last Spring. We'll give it the treatment it needs to restore it. No extra

May we remind you that, whenever you're through with a garment for a season, it should be cleaned, wrapped against dust, and left ready for use. It deteriorates less and will give you more and longer wear.

Furthermore, since you are taking the cool weather clothes out of the closet again, may we also recommend that you have them cleaned often? Remember, a garment which is cleaned frequently, outwears one that isn't by a wide margin. And It looks better and you feel "sharper" too.

Besides, spots don't get half the chance to stain your clothes permanently - moths finally give up in disqust and change residence (to somebody else's closet) . . . and you wind up saving money.

Good. Now bundle up all the clothes you're through with for the summer, dig out the cold weather duds, suits and all.

Songsters Get Heavy Applause

The Harvest of Harmony, seventh annual production of the Escanaba chapter of SPEBSQSA (Barbarshop Singers), scored another smash hit with a capacity audience at the Wm. W. Oliver auditorium Saturday night.

The Bay de Noc Chorus of the Escanaba chapter and quartets from Marinette, Wis., Chillicothe, Ill., Rock Island, Ill., and Madison, Wis., presented 21/2 hours of harmony and fun. As an interlude Miss Dedra Christman, seven-year-old daughter of Mr. and Mrs. Gene Christman, was featured in dancing pantomime that drew heavy applause.

The All Niters quarter of Maripions of SPEBSQSA.

The Big Four and the Vikings quartets appeared again in the second half of the program with the For Mor quartet of Madison, making a third area of Madison, making a third appearance on the Escanaba barbershop program. Snow Flurries Arrive In U. P.

The first general snow flurries of the season swirled around the Upper Peninsula Sunday afternoon as brief showers turned to snowflakes which melted before hitting the ground.

Escanaba was the only area in which sleet was reported. Low ground in the area was nipped by frost but the general cold snap did not arrive as expected.

Freezing temperatures will be back tonight before midnight. Warming is expected to occur after 12 a. m. but the temperature will not get above the low 50's tomorrow. Today's reading will stick near the low 40's.

Saddle Horse Found

Delta County Sheriff's officers are investigating the shooting of a saddle horse owned by Mrs Eugene Marenger of Cornell. The animal was found dead Saturday and it is believed that it had been shot several days before.

The bullet which killed the horse will be sent to Lansing along with samples of rifle bulequipment of the Semico Inc. Co. people who are under suspicion in the shooting. Tests will be teer help saved the neighboring made to determine which rifle fired the fatal shot.

New Ground Defense

WASHINGTON (A)-A new Army command is being set up to handle "the ground defenses of the United States."

The Army, announcing the move Saturday night, said the command would be headed by Gen. John E. Dahlquist, chief of Army field forces are also headquartered.

While the Army announcement made no reference to the matter, the ground command appears to be related to the Defense Department action last summer in cremand for the country's defense against air attack or invasion.

Words, Wit & Wisdom

By William Morris

Election time is just around the corner and down the length and breadth of our land candidates are taking to the stump to explain to their fellow citizens why they-and they alone-are fit to run the people's government. Over the years since our earliest Continental Congress, we have developed a varied, colorful and characteristically American collection of words to make up our vocabulary of politics. Today and tomorrow we shall look at some of the more interesting of these terms.

That phrase 'taking to the stump," for example, pretty obviously goes back to the early days of our western migration when the campaigning politician would mount any platform-even a tree stump-where he could find a handful of voters willing to listen to his speech.

No primary campaign would be complete, of course, without the claim of the defeated candidate that his opponent's election was actually dictated by the "bosses in a smoke-filled room." This phrase is a comparative newcomer to our political scene and is credited to a former Associated Press reporter, Kirke Simpson, who used it to describe back-stage maneuvering for Warren Harding's nomination at the 1920 Republican convention.

The word "boss" itself is no stranger to the American scene. It comes from the possibly, then, the first American political getting better. boss was none other than old Peter Stuyvesant.

WASHINGTON-(NEA)-The Republicans are making a major pitch to "first voters," those young people who will be eligible to go to the polls for the first time in the upcoming congressional elections. GOP experts believe that the estimated 5,000,000 men and women in this category

could swing many borderline districts. Tons of campaign literature and bales of instructions on how to corral first voters are daily going out of the offices of the Young Republican National Federations, a part of the national committee.

It's being gobbled up and used efficiently by state and local young GOP groups around the country, committee spokesmen claim. A major goal is to get the young people to register, which they are doing in great numbers, it is reported.

THE BIGGEST PART OF this effort is directed at organizing Republican clubs in colleges. John Begg, a young Californian with a pleasant manner, a crew-cut and a taste for bright yellow buttondown shirts and dark flannel suits, is touring the campuses around the country sparking the

So far, he reports, 435 active college GOP clubs have been formed and queries are coming in from scores more daily on how clubs can be started.

The central campaign idea he's trying to sell to the undergrads is the same one offered to the general voter. That is, to support the Republican congressional candidate so that Ike will have a majority in Congress and keep getting his programs made into law.

In his travels so far Begg has found that thsee college kids are frankly critical of both parties. But he says he believes that their sentiments are basically with the Eisenhower program.

In 1952 Eisenhower campaign leaders disagreed about shooting at the first-voter group. It was argued that the college students traditionally tended to be liberal, even a little left-wing, and would vote Democratic if they voted at all.

IT WAS ALSO SAID that most young voters had the Democratic-thinking habit because they had known no other administration in power in Washington since they had been politically conscious.

But because Ike was personally interested in trying to reach this group an effort was made to sell them on the Republican

The results in 1952 were startling. It is now claimed at GOP headquarters that an overwhelming number of first voters went for Ike and the Republicans in 1952. Somewhere along the line college student bodies had become conservative with a Republican inclination, they say.

It's this attitude, plus the continued personal popularity of Ike in this age group, which the young Republican group at the to keep it serviceable. They move The young boys, native to the national committee are exploiting with all

Remove Ugly Fat Today!

HUNGER

Newest of formulas recently brought to light by medical science is HUNGER TABLETS, a preparation to take fat off hips and waistline.

For many who have tried "reducing treatments" and who have lost faith in them because of exaggerated claims and ineffectual results. HUNGER TABLETS bring new hope. Simply take 2 tablets before each meal and see if your clothes don't fit and look more attractive, especially around fat spots such as hips, waist, abdomen, etc. No strict diet is required. Insist on HUNGER TABLETS at your druggist. A 16 day supply for less than 19c per day. Guaranteed.

II took off," or "I wasn't paid on ! time so I quit-no pay, no work." The chief reason for peacetime desertion lies in large measure,

Perl feels, in the public's attitude toward military service as something unnecessary until immediate danger threatens.

At the Pentagon there is some reluctance to discuss desertion, but one colonel said: "Much of our problem comes from men who simply do not want to serve and who will do almost anything to avoid it.

"Too, there comes a time when a guy either can't take Army life any more or something happens at home which, in his estimation, provides an overriding motive. Maybe his wife, his mother or someone close is sick, or they are having financial trouble. Once he gets home, fear of punishment often keeps him away.'

Apparently fear had some bearing during the Korean War too. Desertions climbed from 35,071 for the Army in the fiscal year 1950 to 68,062 in fiscal 1951.

They dropped to 28,906 in fiscal 1952, when the Army announced a policy of shipping deserters to Korea, and fell off another 7,700 in fiscal 1953.

An indication of Escanaba's dominance in the Iron Mountain game here Saturday can be seen in the statistics . . . The Eskymos carried the ball 49 times from scrimmage while the Mountaineers made only 29 trips on the ground . . . In the second period alone the Eskymos had the ball for 19 plays and the Mountaineers had their took a sharp swing upward Beck fired the payoff pitch to it paid off but they were forced hands on it only five times . . . The visitors also handled the ball Saturday as Coach Joe Milok- Mongrain who eluded Mountaineer to punt from their 25 and Judson only five times from scrimmage in the third period.

Statistics also show another important fact . . . The Escanaba line was able to open countless holes in the Mountaineer forward wall for Eskymo backs . . . Iron Mountain's two linebackers. John DeFiore and Louis, were called on to make 28 tackles between them . . . And safety man Ron Steiner made six . . . Steiner, by the way, played the entire game with a heavily bandaged right hand to protect a broken finger,

Escanaba Catholic Central halfback Bill Lancour equalled the a senior letterman, was replaced run. The Mountaineers tied it at Upper Peninsula's highest scoring feat of the season by scoring five by junior Bill Bolm who guided 7-7 when John DeFiore ran for the chance in the third period when touchdowns against Crystal Falls Saturday . . . And he would have the Eskymos through three quarsurpassed it but officials ruled he had stepped out of bounds on the ters of the game. four-yard line on another touchdown jaunt,

Central's 45-0 victory over the dangerous Crystal Falls team is all the more impressive because Coach Tom St. Germain had only a 17-man squad available for action . . . All the players saw action against the Iron County opponent . . . If Central's squad isn't the smallest in numbers in Class B we'd like to see one smaller.

GRID NOTES-Manistique's 7-0 upset victory over Soo Friday night was nothing new for the Emeralds . . . Coach Dick Bonifas Green and White team surprised Soo, the 1953 Great Lakes Conference champs, 18-0 last year, and also beat the Blue Devils 34-6 in 1952 . . When Menominee defeated Ironwood 24-18 Friday night, neither team was able to score a point after touchdown (seven straight misses) although they tried placements, passes and running plays . . . Ironwood was driving for the tying touchdown and had reached the Menominee 36 yard line when the game ended . . . Manistique showed great staying-power against Soo Friday night . . . They each have 79 points cepted two passes. this season.

When Manistique defeated Soo 7-0 Friday night to clear the way for Gladstone's undisputed Great Lakes Conference title, the Emeralds were merely repaying a favor from the 1952 season . . . That year Manistique beat Gladstone 7-0 in the last minute of the game on a pass interception . . . And then the Braves went up to Ishpeming and beat the Hematites 6-0 on a 35-yard run by Lowell LaPlante to leave Manistique alone at the top of the Great Lakes final standings.

Minutes later Lancour galloped 24 yards into the end zone but stepped out of bounds on the fouryard line. Bob Rodman slammed over on the next play and then ran the extra point to spread Central's lead to 38-0.

Munising Next

Lancour completed his 31-point scoring spree by intercepting a Crystal Falls aerial on the 41 yard line and scooting for the end zone. Greenwood, whose downfield blocking was superb all day, threw a block that cleared two tacklers from Lancour's pass on the 12yard line. Moose LaFave, reserve fullback, ran for the extra point to make the final score 45-0.

Central, overcoming 75 yards in penalties, registered eight first downs to five for Crystal Falls. Each team lost two fumbles but Central had four pass interceptions against Crystal Falls.

When Crystal threatened late in the game, Bob Rodman stopped the march by intercepting a pass on Central three-yard mark.
